Managing Partner (Non-clinical)

About Living Well

Our foundations

Living Well Partnership was formed in 2017 following the merger of four GP surgeries and three smaller branch sites. The GP partners, many of whom continue to lead LWP, were brought together by a growing awareness that we could deliver more streamlined medical care by sharing resources rather than operating on a smaller scale as individual practices.

We are delighted that our patients have benefited from faster access to a larger range of services while achieving operational efficiencies behind the scenes.

Our reach

We care for 38,000 adults and children across the eastern Southampton region. Our seven different sites ensure everyone has local GP access, from the inner city to the rural outskirts.

Our clinical team is made up of 10 GP Partners, as well as 18 Non-Principal GPs including 4 retainers, employed directly by LWP. Our GPs work alongside Advanced Nurse Practitioners, Practice Nurses, Health Care Assistants, Social Prescribers, Care Coordinators and our own in-house Pharmacy team.

Our vision

The health and well-being of our patients is at the heart of everything we do. Our goal is to provide an accessible, friendly, evidence based and compassionate service. By taking into account an individual's holistic needs we will utilise the correct professionals from our large multi-disciplinary team to address the problem presented. We pride ourselves that we are able to address medical, physical, psychological and social aspects of care.

Next generation

As a practice that strives for continuing clinical excellence we are passionate about helping to train the next generation of competent clinicians. We are a thriving and progressive training hub supporting physician associates, nurses, HCA's, pharmacy technicians, independent prescribers, medical students, newly qualified doctors and GP registrars through their academic and clinical education.

Come and join us

We are looking for outstanding Duty Receptionist who want to embrace the changes in general practice but value the preservation of continuity. We can accommodate and help you develop skills and we welcome part-time agile working.

Come and talk to us, come and see what we are doing, come and join us.
