## NHS App and communicating with you

We strongly recommend use of the NHS App, which provides access to eConsult, symptom advice, repeat prescriptions and nominated pharmacy. Please indicate whether you would also like additional access to your clinical record e.g. immunisation history and blood test results.

We regularly communicate with our patients via text message and email to ensure we respond to your queries quickly and efficiently, to provide you with relevant medical updates and invites e.g. vaccine clinics. This minimises paper processing, frees up staff time and allows funds spent on postage to be reinvested into patient care. Tick here to opt out.

# **Opting out of data sharing**

Your Summary Care Record (SCR) allows key information from your GP medical record (such as your medication, medical problems and allergies) to be seen by A&E, 111, out of hours doctors and community providers when they are treating you. If you do not want to have a SCR, please tick here. Please note this may affect your care from others if you do opt out.

To opt in to additional information being included on your Summary Care Record (such as immunisations, care plan information or significant medical history) please tick here.

The Care and Health Information Exchange (CHIE) allows summary information about your health to be accessed by healthcare professionals within Hampshire to support your care and treatment, including in cases of emergency. If you do not want your information to be shared in this way, please tick here. Please note this may affect your care from others if you do opt out.

If you do not want confidential patient information from your medical record leaving your GP practice for any purpose other than your direct health care, such as for research and planning, please tick here.

If you do not want confidential patient information from your medical record being used by NHS England to help with research and planning or for any other secondary use, please register with the National Data Opt Out Service: <u>https://www.nhs.uk/your-nhs-data-matters/</u> The Partnership cannot amend your preference for you. The NDO does not apply to anonymised data used for research purposes.

Our Privacy Notice contains information about how we use your data, and is available on our website, or a copy can be provided by our reception team.
